

March 2010

MRAL Classes

1, 8,15 ... Layering color / multimedia with
Angie McLain

Supplies and Instructor Notes

Supplies:

- 1) watercolor paper..1/2 sheet (15"x22") or full sheet. I use mostly 140lb paper but 300lb is great too.
- 2) watercolor paints
- 3) watercolor palette
- 4) watercolor brushes
- 5) 3 or 4 sheets of drawing paper the same size as the watercolor paper...any kind of drawing paper is fine.
- 6) a pencil, 3 or 4 markers, each a different color
- 7) spray bottle (for water) & brush container (also for water)
- 8) paper towels

Everyone needs at least a couple of watercolor brushes, a flat and a round , medium size. I will have a few extra that I can loan but not nearly enough for everyone.

Notes:

There is no need for anyone not interested in painting with watercolors to buy supplies they'll never use again. For \$5.00 I can provide a 1/2 sheet watercolor paper, student grade watercolor paints, and a disposable plate/palette.

I'll have on hand for anyone to use:

pencils, markers, paper towels, and most importantly I will provide acrylic paint in "oiler boilers" needed for this technique. Oiler boilers are available through Cheap Joe's Art Stuff if anyone is interested.

I hope I have not left out anything. If you have questions or think of something else you need to know about the class please let me know.

Best wishes,
Angie McLain
